UNIVERSITY OF HAWAI'I AT MĀNOA – INNOVATION LABORATORY (iLAB)
Policies and Procedures

I. PURPOSE

To provide guidance on iLAB usage, in compliance with EP 10.201, Use of University-Owned Facilities, and Board of Regents Policy RP 10.205, Use of University Owned Facilities.

II. DEFINITIONS

A. iLAB - The mission of the iLAB is to promote innovation, creativity and entrepreneurship among interdisciplinary student teams mentored by faculty. Based on the hub-and-spoke concept, iLAB acts as the central hub for meetings and presentations where exchanges of ideas and concepts occur, bringing together many individuals from all fields and disciplines. Participating UH Mānoa departments/colleges/schools, community stakeholders, and/or local businesses act as the spokes, providing the necessary tools and spaces to further advance these ideas and concepts and thereby creating a wheel of innovation on the UH Mānoa campus.

B. iLAB Advisory Committee (iAC) – The iAC is comprised of UH Mānoa campus and Community stakeholders, appointed by the Vice Chancellor for Research for a two-year term.

C. iLAB Program Manager – The iLAB Program Manager is appointed by the Vice Chancellor for Research and is a de facto member of the iAC.

D. Appropriate use – The iLAB’s intended use is for all innovatively themed activities that require the use of the specific assets of the iLAB. Justification of the appropriateness may be requested by the iLAB Program Manager after receiving a request for use. Appropriate use does not include use simply due to the iLAB’s size, configurability, convenience and/or large monitors.
